ALARM REGISTRATION FORM
Per Ordinance Section 2.5

Pursuant to City of Bristol ordinance section #2.5 "Alarm Systems", all residential and business alarm systems must be registered with the Bristol Police Department.

Why do alarms systems have to be registered?

One primary reason for the ordinance is to reduce the number of false alarms generated. The Bristol Police respond to every alarm as if it may be an incident in progress. Police officers spend time checking the property and responding to false alarms ties up manpower. False alarms cost taxpayers and divert officers from legitimate emergencies. The ordinance encourages accountability and improvement in the reliability of alarm systems by charging alarm owners for false alarms after the 3rd occurrence each year.

***** ALL INFORMATION WILL REMAIN STRICTLY CONFIDENTIAL *****

Registrant Information		
Name:		
Street Address / Alarm Location:
