RE: Sewage use for **12 Conlon Street, Bristol, CT 06010.**
Water Account # **01-01809000**

To Whom It May Concern,

My name is Felisberto V. Brito and I would like to ask the Board to take a look at my water/sewage account for my two family property at 12 Conlon Street, CT 06010 because my bill went up dramatically four months ago from **\$152.25 to \$232.00**. When I called to ask why my bill went up, the representative informed that the Sewage department billed me based on last winter meter reading. Last winter there were more people living in the house (three family members from the second unit.) However, there have been only two people living in the house since April of 2012. Obviously, there is less water being used in the house and I don't think I should be billed based on last winter readings. So, I am kindly asking that you inform the Sewage Department about my concern ask them to bill me based on the water used by two the people living in the house since April of 2012. And also credit me for the payments that I have made since they increased the bill. Thank you very much.

Regards,

Felisberto Brito
