Re: CT Department of Transportation – Drainage Connection Agreement
Muzzy Field Parking Lot

The Department of Public Works is in the process of constructing a parking lot for Muzzy field at the corner of Muzzy Street and Park Street. In order to connect into the CT DOT storm drainage system the City must execute a Drainage Connection Agreement that indicates the City will not discharge additional storm water to the State's drainage system and the storm water discharge will be uncontaminated.

In order to proceed the Department of Public works request the following City Council action.

Mayor Authorization to sign any and all documents associated with the state of Connecticut Drainage Connection Agreement associated with the construction of the Muzzy Field parking lot located at the corner of Muzzy Street and Park Street.

Please feel free to contact the Public Works Department with any questions or concerns at 860-584-6125.
