**7. Item 7 – Investment Review – Beirne Wealth Consulting, LLC.**

- **General Retirement Fund**

John Beirne addressed the Board and provided an overview of inflation/deflation in the United States throughout the past several decades. It is important for portfolio advisors to weigh inflation and deflation factors appropriately to ensure market gains on their portfolios. Mr. Beirne also discussed interest rate growth/decline since the 1960's and its overall impact on the market and portfolios. Mr. Beirne reviewed the bond returns of the City portfolio which included an analysis of the last 15 months to capture the market downdraft cause by the pandemic. In that 15 month period, the returns on Bonds were 7.17% which outperformed the aggregate index of 3.09%. In the 12 month period ending March 31, 2021 the bond portfolio earned 30.81%. This particular portfolio is geared towards higher growth and higher inflation.

John Oliver Beirne addressed the Board and provided an overview of the portfolio. The portfolio has a current value of \$782,773,766 with about one-third of the portfolio unpriced. The Growth to Value Index ratio is shifting due to the reopening of the economy. It is expected that the industries hit hardest during the pandemic will be seeing the most growth in the near future. Mr. Beirne discussed the Barclays U.S. Aggregate rate of -1.91% and expressed concern over whether or not this trend will continue because pension portfolios, such as the City's, tend to have a high proportion invested in these funds and the portfolio may not meet the Actuarial Assumption of 7%. There is a capital call going out for the Arsenal III Fund and the Greywolf Fund. Overall the portfolio has taken advantage of the market and is in a good place for future investment opportunities.

Commissioner DeNoto asked for an update on the Corrum Capital Investment. John Oliver stated that liquidation would not be a recommendation at this point. Due to the economy reopening, it is anticipated that there will be a higher demand for these assets in the near future and there would be no benefit to selling at this time. They are expecting an update on the account in about a month.

**8. Item 8 – Update on Advisor RFP Process**

RFP Interviews are scheduled for May 24<sup>th</sup> and 25<sup>th</sup>. Responses to prepared questions were due back from the finalists which will be sent to the Board. Comptroller Waldron will be coordinating a pre interview meeting with the Board to review the interview questions.

**9. Item 9- Any other business proper to come before meeting.**

None.

**10. Item 10 – Adjournment.**

At 5:45 p.m. a motion was made by Commissioner Veits and seconded by Commissioner Rossi and it was unanimously voted to: “Adjourn.”
