10. New Business:

Mayor Zoppo-Sassu stated she had an item for informational purposes, the City has been preparing internally regarding how the court closure will impact the City. One issue that has been identified is the need to transport prisoners to New Britain for the new court set up. If someone is held in Bristol they will need to be transported to New Britain. The Chief has prepared a memo for distribution, however this does present some opportunities to review internally operations at the Police Department and local communities for shared services. The Mayor hasn’t reviewed this from a Policy standpoint or the Board of Police Commissioners, but the Chief’s Memo is a good starting point to review with action taken at the June Board of Finance meeting. Commissioner O’Brien asked if there was any transition funding available from the State as one time funding. Mayor Zoppo-Sassu stated the City of Bristol has been very lucky as every other Police Department has incurred these costs. The Mayor has been discussing with the State’s Facilities Manager and IT to make sure everything is left in good shape so the City can use for however it seems fit. The Mayor has several questions for the Chief to answer and impact on staffing and cost to further discuss. Commissioner O’Brien thanked the Mayor for giving this information for review as this wasn’t something she even thought of with the court closure.
