

# City of Bristol Bristol Police Department

We often say that "Bristol is all Heart", and when we needed it most after October 12<sup>th</sup>, 2022 it was the community of Bristol and the other departments for the City of Bristol that provided love and support to the Bristol Police Department. City of Bristol employees David Oaks, Lindsey Rivers, Luis Lorenzo, Miguel Lorenzo, Joseph Howson and Keith Rondini were monumental in their offered support. It was their continued support that allowed our sworn officers, community members, the press, visitors to our community and the families of Lieutenant Demonte and Sargent Hamzy how much love and support people from around the nation have for Lieutenant Demonte, Sergeant Hamzy and the men and women who wear this uniform.

The upkeep and maintenance of the memorial dedicated to Lieutenant DeMonte and Sergeant Hamzy was an important task as in its display it exuberated the Mission Statement of the Bristol Police Department: "To protect and Serve the Community with Integrity and professionalism" and that was what Lieutenant DeMonte, Sergeant Hamzy did day in and day out and what our sworn men and women continue to do on every call for service.

The Bristol Police department appreciates the collateral efforts from these Public Works employees who saw the importance of assisting their co-workers and the community. They are truly a credit to themselves, the Department of Public Works as well as the City of Bristol. I would like to take this time to present David Oaks, Lindsey Rivers, Luis Lorenzo, Miguel Lorenzo, Joseph Howson and Keith Rondini with the Letter of Appreciation.
