

Engine 4 Monthly Report June 2021

Summary

Engine 4 responded to 75 calls for service during June. This is an uptick from last month. Engine 4 served as a collection point for the firefighting foam that needed to be taken out of serves, due to its environmental impact. This ended up bring in the press to cover the story.

Personnel

Nothing to report.

Apparatus/Equipment

The hose testing was completed this month, we fared well with only a few failures. Engine 6 was in use at Engine 1 for several days this month.

Fire Stations/Facilities

The mulch was spread, the grass and landscape beds are looking great this season thanks to the efforts of many of my firefighters. I am very lucky to have so many people down here at Engine 4 who take such pride in the Fire House.

Miscellaneous

Engine 4 has hosted and continues to host the Fire Officer Development classes delivered by the CT fire Academy. We also hosted CERT team training class this month.

Respectfully submitted,

Todd Correll
