

Residential Yard Waste Collection Service **NEW Application** - 2019

I wish to subscribe to the City of Bristol’s 2019 curbside Yard Waste Collection service. The annual service fee is currently \$90.00. Residents subscribing to this service will receive one 95 gallon yard waste container which the City will empty curbside on a weekly basis from April 1st through November 8th, 2019. The undersigned will be responsible for replacement cost for damage or destruction, other than normal wear and tear.

Unless otherwise notified by the City, your yard waste collection day will be two (2) days after your regular rubbish collection day. If a yard waste collection day falls on a holiday, the yard waste barrel will be emptied the following day.

Acceptable yard waste consists of grass clippings, leaves, woodchips, and small twigs (12 inches or less in length, and 1 inch or less in diameter). Yard waste must be placed in the provided yard waste barrel in such a manner that the material will freely exit the container when it is inverted. **Dirt, sod, rubbish, rocks, sand, or other foreign materials are not allowed.** Barrels containing these items will not be emptied. Yard waste in bags or rubbish barrels will not be collected as part of the yard waste collection service.

****All barrels remain the property of the City of Bristol. Contact us immediately if service is not renewed or if you move. The City retains the right to retrieve all non-renewed barrels. ****

Payment must accompany this application to activate service unless you pay online.
By signing this application, the undersigned agrees to follow the guidelines outlined above.
